Headmaster's Message

SPCS Families,

This week kicked off one fun event and celebrated the end of seasons of fun. On Wednesday we kicked off our 4th annual Fun Run. With the support of our SPCS families and friends, we have surpassed our goal each of the last 3 years and used the funds to directly affect the lives of our students. I know this year's event will bring a fun finale to the school year and I look forward to seeing our student's smiles next Friday at the event!

Tonight we are celebrating and recognizing our varsity athletes at our annual Sports Banquet. These athletes represent our school with character, respect, and skill. We are so proud of all that our teams have accomplished and look forward to lifting them up tonight!

"The Lord has done great things for us, and we are filled with joy."
Psalm 126:3

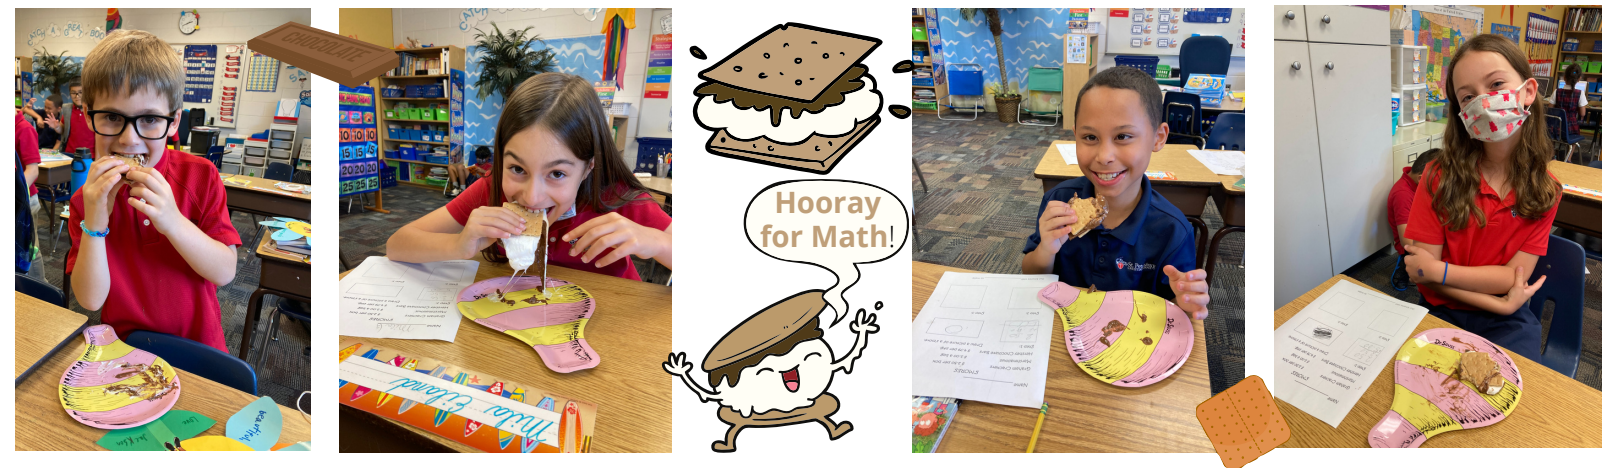

God bless,
Bobby Hunter

FOR ALL OF THE LOVE AND
APPRECIATION SHOWN TO TEACHERS
AND STAFF THIS WEEK!

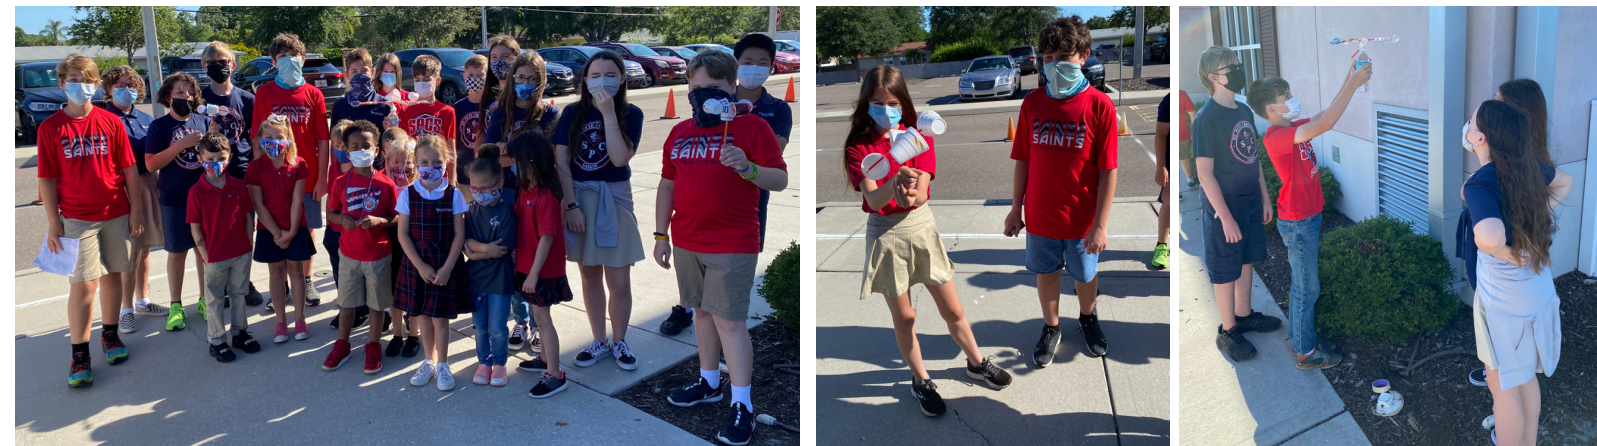

2nd Grade is S'more Fun 🍪🍪

Perfecting math skills was fun this week in 2nd Grade. It all "added" up to a delicious and gooey treat!

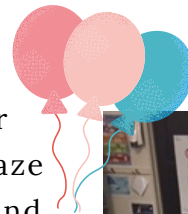

6th Grade Science

Our 6th graders are studying weather and climate. Students spent two days working on STEM anemometers, weather tools that measure wind speed. In addition to building the device, they had a math formula to calculate speed on design test day. Mrs. Patterson's kindergarten friends came to watch our middle schoolers and learn about weather tools.

Happy Birthday Belle

Mrs. Renninger recently invited students to celebrate Belle's birthday. Her class guinea pig turned one year old. The students designed and built a maze for Belle to enjoy using cardboard boxes and she was blessed with treats and cards. Belle was also a special guest in Ms. Taylor's and Mrs. Wright's classrooms. What creative and caring students!
