

Student Name/s _____

Financial Aid and Grant Program Application

The Financial Assistance Program is created by the School Board to provide temporary financial assistance to those families who have a desire for their children to receive a Christian education but cannot afford the full cost of such training.

Please note that if financial assistance is granted, there is a requirement of 10 hours of volunteer service during the school year. Please be sure to complete the information on the last page regarding the volunteer service.

Please complete the application by answering all questions completely. Incomplete applications may not be processed. Incomplete information on the application will delay action by the School Board.

This form must be completed for all requested data and an official copy of your latest U.S. Income Tax Return and W-2 forms must be provided. All forms are confidential and will be seen only by the School Board. Families approved for Step Up For Students will only need to complete this application.

If the child is new to the school and registering for Grades 1-8, he/she must meet our academic criteria to be eligible for acceptance.
