THE SPOTLIGHT

Official newsletter of St. Petersburg Christian School

Headmaster's Message

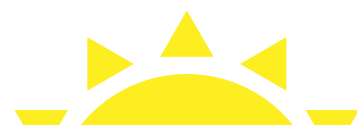

SPCS Families,

If there was ever a question as to whether attending school at SPCS was an adventure, then this SPOTLIGHT proves the point. The activities that took place both on and off-campus this week make me grateful to be a part of it. Our teachers, staff, and students go above and beyond to show that we are SPCS.

The countless hours spent planning for and then executing events like the ones in this edition are a credit to the love and dedication at the forefront of our SPCS team. Our students, their experiences and memories, and their academic, spiritual, and emotional development are fostered by these events. Thank you SPCS team and thank you parents for partnering with us in the adventure!

"Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up." Galatians 6:9

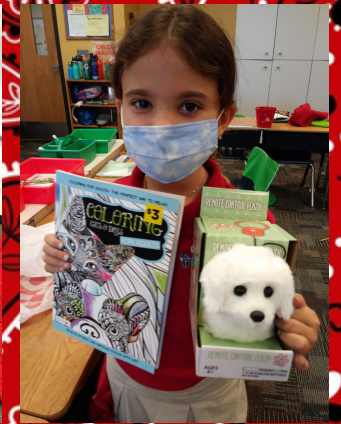

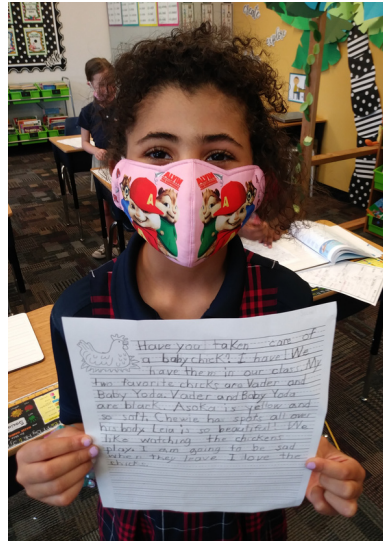

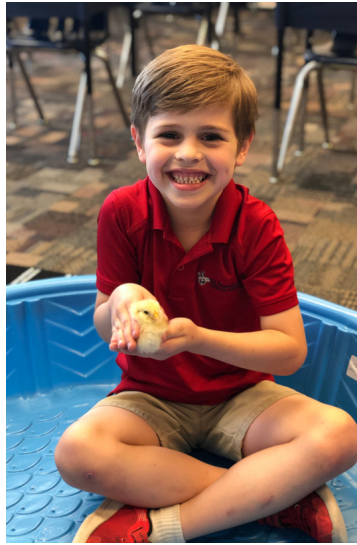

God bless,
Bobby Hunter

Let me tell you about
the chicks we have
some chicks are brown
some are white. We named them
Bobby, Binky, Yaki, Baby and
Benny. They try to eat
but chicks beaks are yellow
I like our chicks! When
they play with their
it does not hurt,
they are very soft. The
chicks grow old! They get
bigger. They are cute. I will
love them. I hope we can
do this a second. We can
name them the same
names. They are my friends

Fairy Tale Week Fun In Kindergarten

Once upon a time there were some sweet boys and girls that got to enjoy fairy-tale week in Kindergarten. Daily crafts, activities, and snacks were built around the wonderful fairy tales we all remember. The week ended with character day and lots of amazing story characters on parade!

Nature's Academy Welcomes 7th Grade

Always anticipated and a favorite of their time at SPCS, 7th graders spent 3 days at Nature's Academy in Manatee County. They experienced the wonder of God's creation in a hands-on environment. Breakout sessions allowed them to experience edible plants, 'river monsters', understanding DNA/RNA, sea turtle expeditions, predator/prey relationships and more. On the last day, they dissected a jellyfish and canoed along the river, exploring the local estuary.

NJHS Serves At Feeding Tampa Bay

Our NJHS students volunteered at Feeding Tampa Bay in Tampa this week where they worked 3 hours to box over 1,000 meals for families in need in the Tampa Bay Area. We are so proud of our students serving as role models in the community.

4th Grade Visits St. Augustine

Our 4th graders traveled to St. Augustine for their much-anticipated exploration of the history there! The knowledgeable tour guides provided interesting facts and information on the many sites visited. Some of the sites were the Fountain of Youth, Castillo De San Marcos, the Old Jail, and the Fountain Of Youth. Many memories were made on this trip!
